<b>WGS</b>	5	7	1	3

### Departments we have not taught for in >4 yrs

CS

MATH

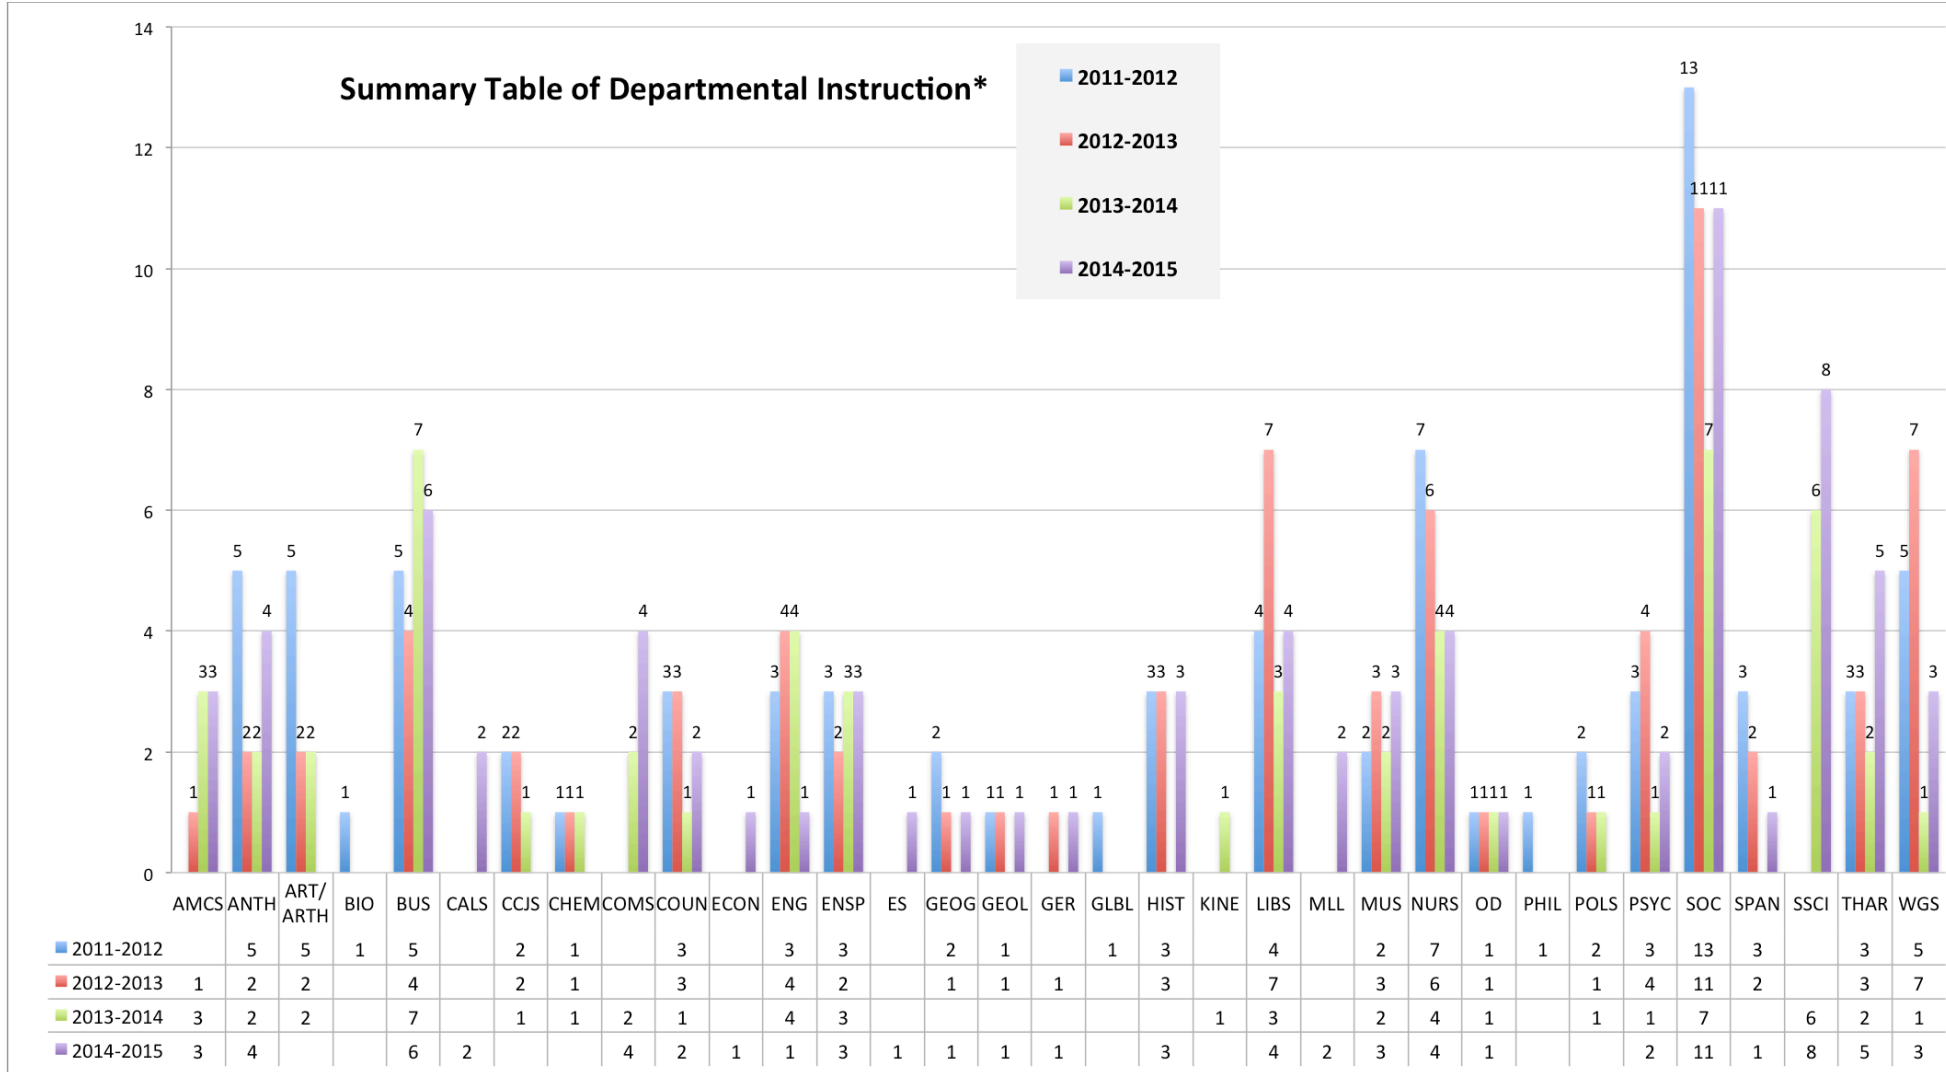

PHYS

### Also low (only one session in 4 yrs):

BIO, ES, GLBL, PHIL

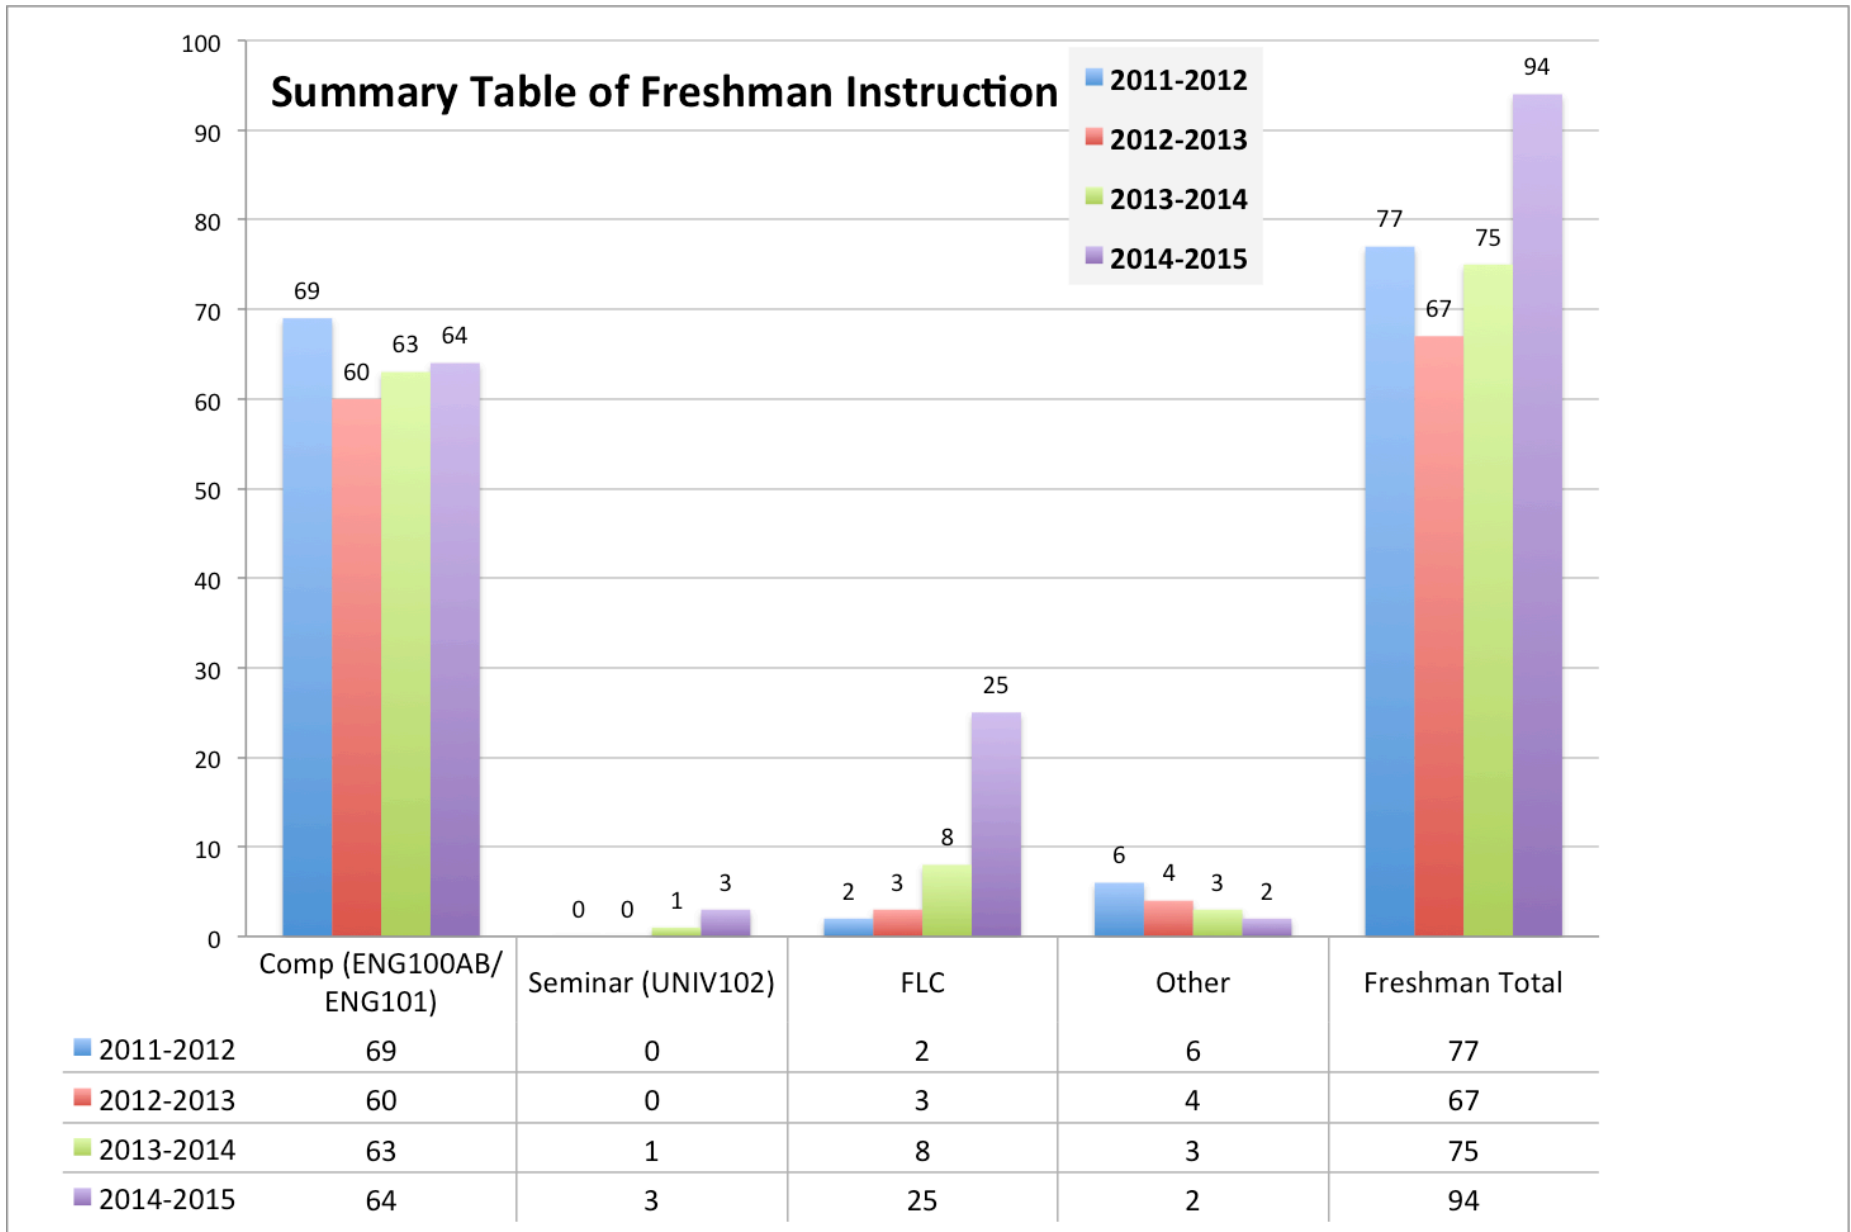

\*All the departments within the School of Education are listed here as one

\*\*SSCI is a new soph. yr experience in Soc Sciences (cross-dept)

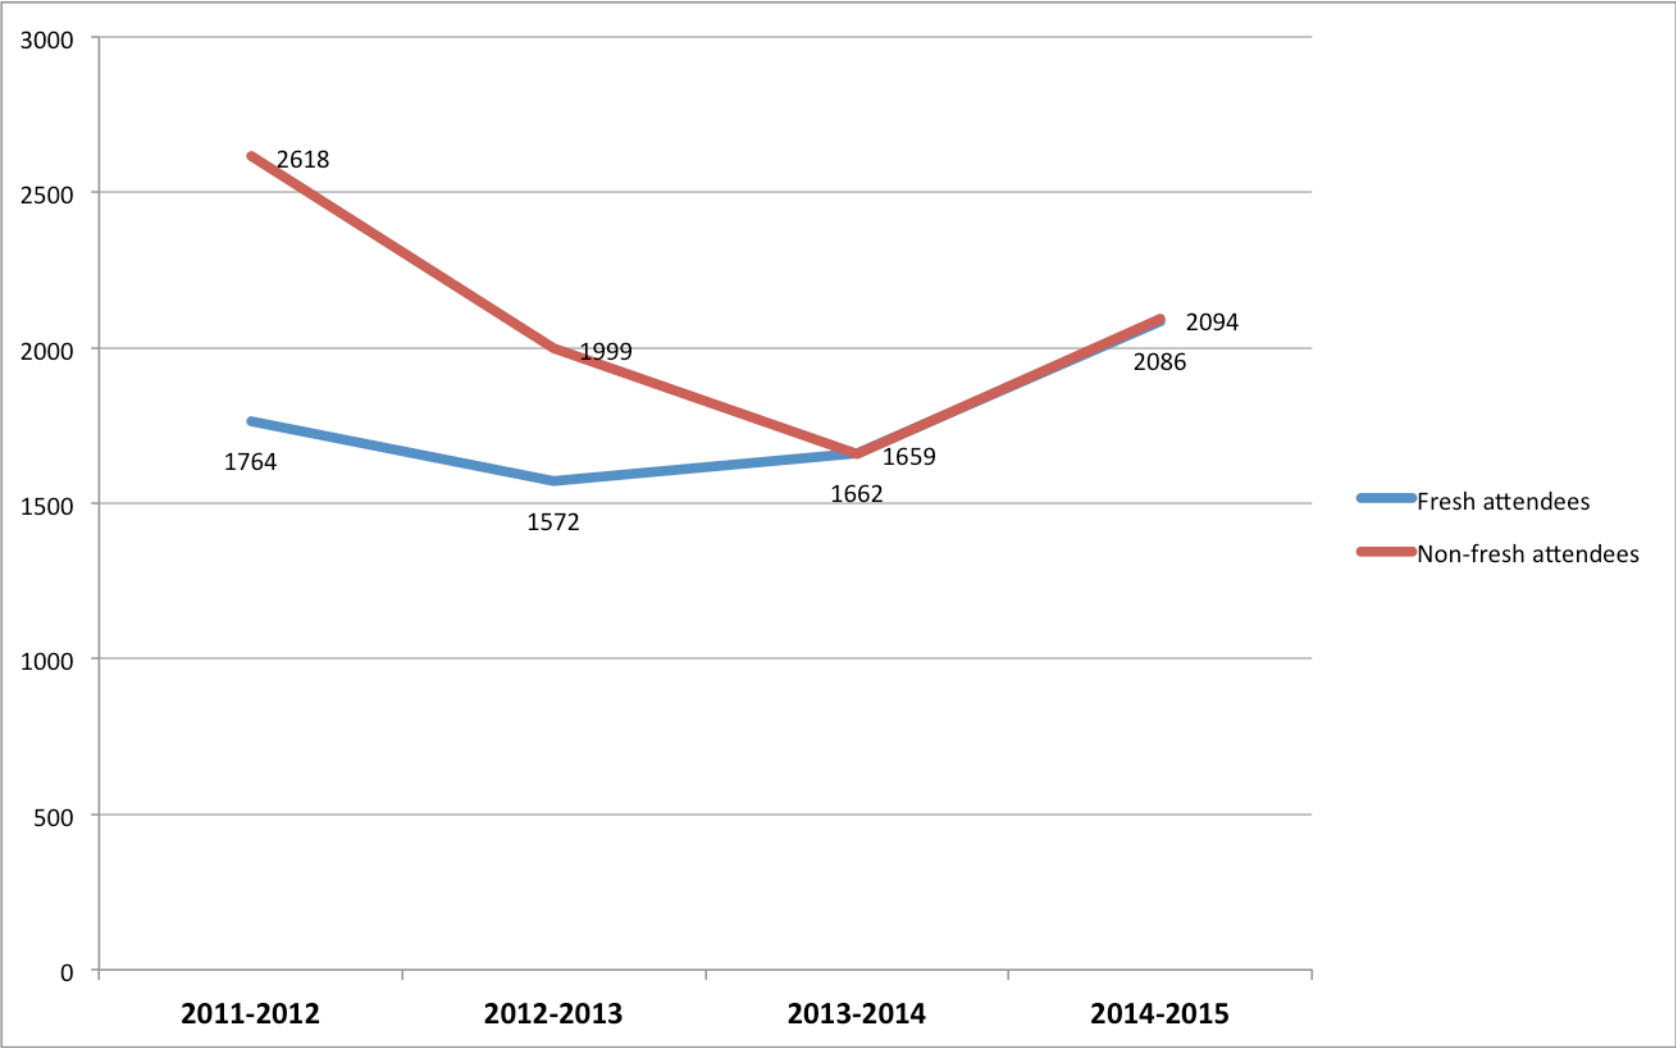

**\*This table excludes the School of Education altogether, because the numbers are so extreme that they throw off the scale of the chart. See above for EDUC numbers.**

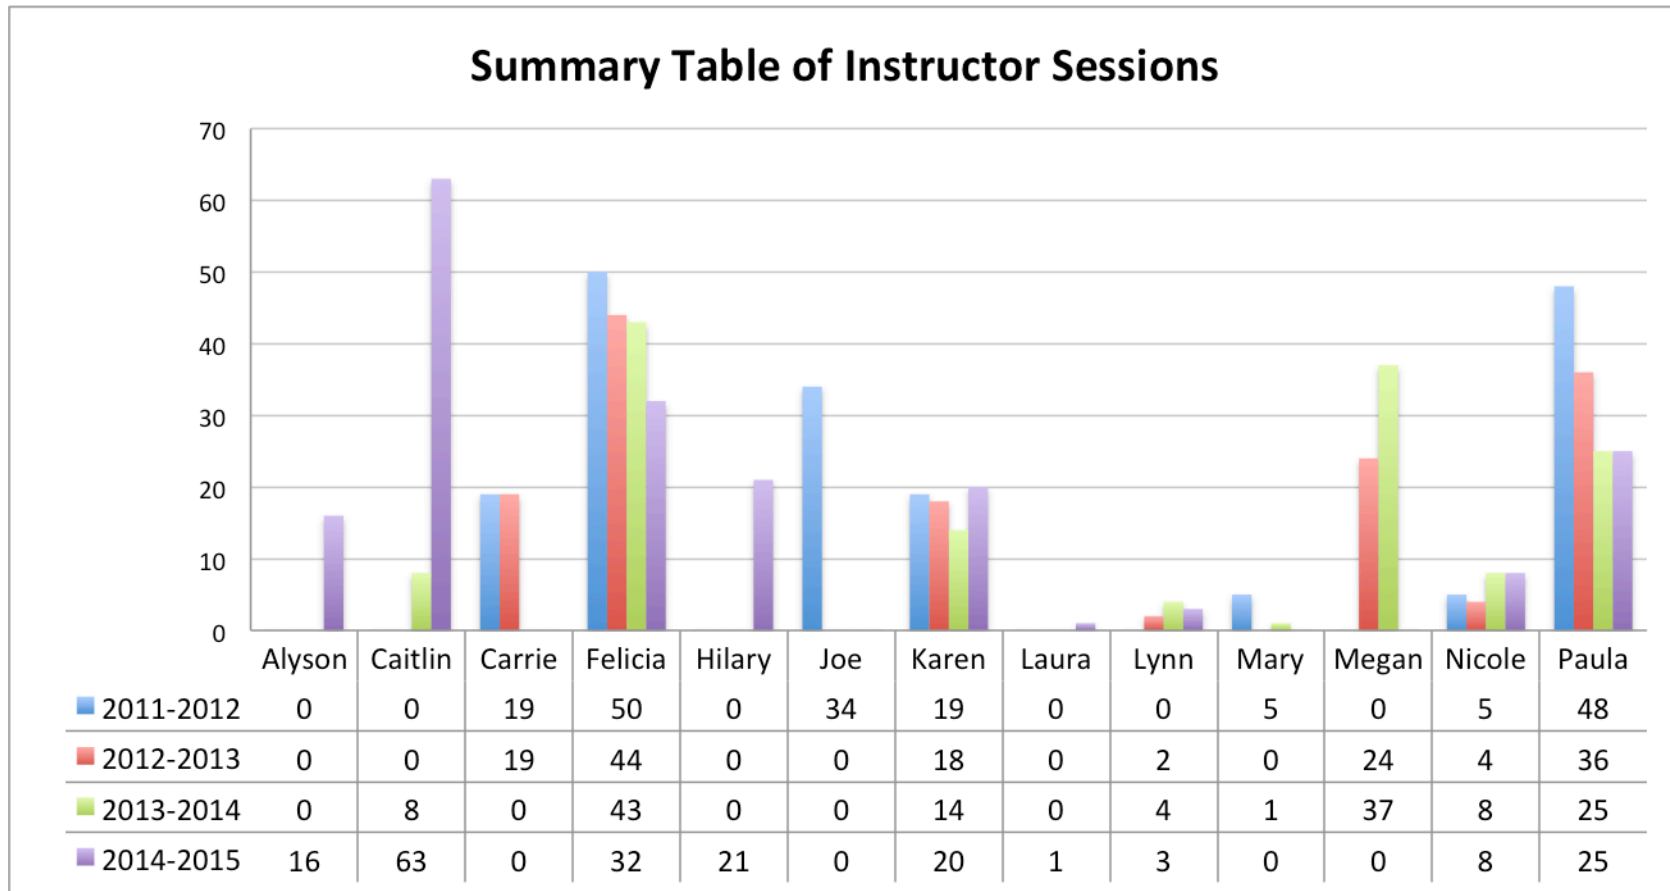

## Trends in Freshman Instruction

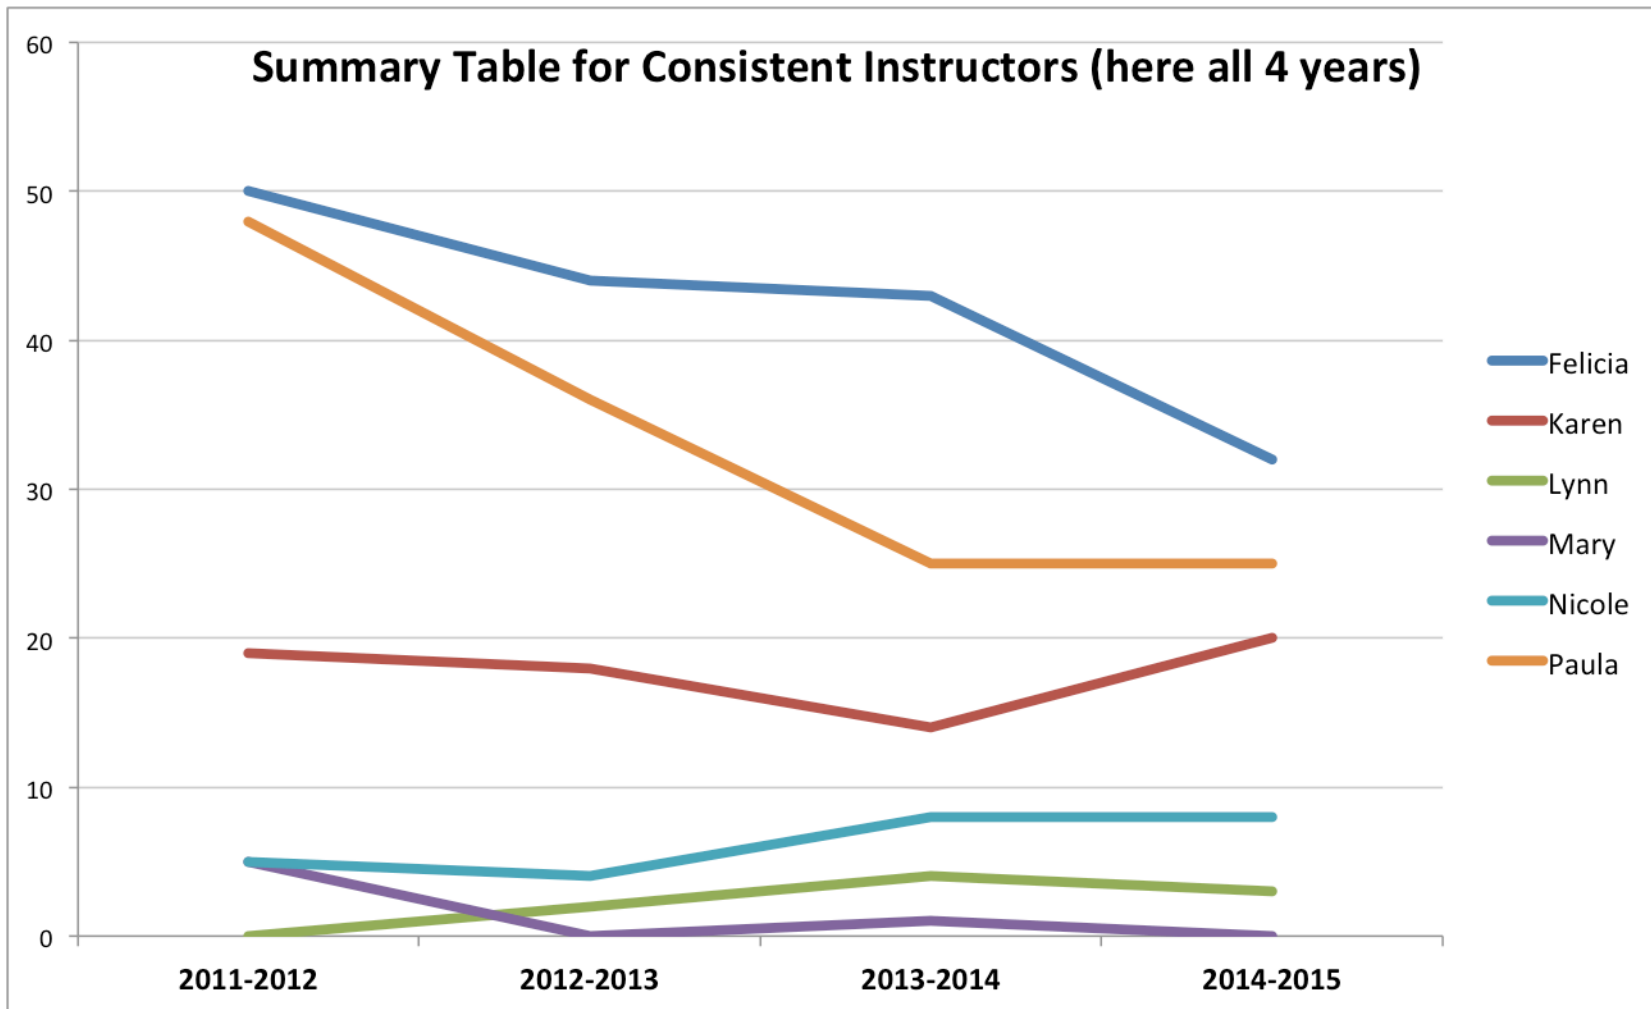

### Relative number of Freshman Attendees v. Other Instruction

## Trends in Librarian Instructors

**Number of sessions by Instructor: Note this is counted per year, not by semester.** In some instances an instructor's number represents only one semester (e.g. Caitlin was hired in Spring 2014, has no numbers for Fall 13, and taught eight sessions only because she was new; Alyson was hired in Spring 2015, and has no numbers for Fall 14; Joe departed SSU after Spring 2012).

**Number of sessions by instructor—limited to those who have been here consistently across the time period shown:** Note that Felicia, Karen, Nicole, and Paula are tenured/tenure-track, while Lynn and Mary are part time.

Felicia's instruction has gone down significantly in the last year only because with the arrival of Caitlin Plovnick as a new First Year Instruction librarian, Caitlin took over the freshman instruction.
